

You're Invited...

Public Meeting/Open House for the 28th and Fair Street Storm Sewer Project

Tuesday, January 24, 2006, 5:30 - 7:00 pm
at Clinton Elementary School, 1520 N 29th Street

Construction in the Area

This stormwater improvement project will involve the replacement of a storm sewer along Fair Street, from 24th to 28th Street. A map of the project route is provided on the back of this flyer.

This project is being constructed to prevent flooding between 27th and 28th Street near Fair Street.

Schedule

Construction will begin Summer 2006 and is anticipated to be completed by Spring 2007. Construction crews will start on the downstream side near 25th and Fair Street.

What to Expect During Construction

Construction of a storm sewer is a large, multi-faceted project. Some things that can be expected include:

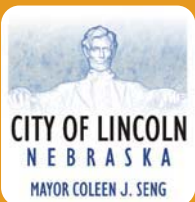

- Trenches
- Construction staging areas
- Boring equipment
- Truck and equipment traffic
- Safety barricades
- Temporary street closures

At the Public Meeting...

Representatives from both the City of Lincoln and Olsson Associates, the engineering firm designing this project, will be present to answer your questions and listen to your concerns.

Please Call With Questions

If you have questions regarding this project, please call Lisa Behrns with Olsson Associates at 458-5992.

OLSSON ASSOCIATES
ENGINEERS • PLANNERS • SCIENTISTS • SURVEYORS

We look forward to working with you in the development of this community project. Your cooperation is greatly appreciated.
